January 18, 2011

Dear Ministry Partner,

It has been an amazing 6½ years for me as the founder and Executive Director of Embracing Options. The Lord has blessed me with a lifetime of wonderful experiences and memories during this time and for this I am eternally grateful.

As of January 31, 2011, I will be resigning as the Executive Director of Embracing Options. My season in this Godly ministry has come to a close and new doors are opening for myself and family. This has not been an easy decision but through prayer the Lord has given us much peace.

My prayer is that you will continue your prayerful and financial support of the ministry here at Embracing Options. The clients we serve here are blessed by the Godly, loving women who counsel them here and the lives of their babies is the fruit of that love. The love of Christ is at the center of all we do here and we praise God for the lives He has saved here.

It is with great pleasure that I welcome Dee Skelton as our new Executive Director of Networking for Embracing Options. Dee was the Executive Director of the Palmyra, Care Net Pregnancy Center when I joined the Pro-Life ministry over 12 years ago. She is a great sister in the Lord and a Godly woman. Her experience in this Ministry is priceless and will be a great asset to the ministry here at Embracing Options. She will continue with the Vision and Mission God gave Dr. Morehouse and myself over 6 years ago. *Please see Dee's note on the back of this letter.*

In the Love of Christ,

A handwritten signature in black ink that reads "Sandi" followed by a stylized flourish.

Sandi Clawson
Executive Director

Hello Everyone!

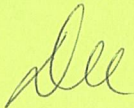

I am excited to introduce myself as the Executive Director of Networking for Embracing Options. This is a wonderful opportunity to build and encourage the ministries that are reaching out to the communities in Rochester on Arnett Boulevard and in Webster. As of February 1st, I will dig in the trenches and help the battle to overcome abortion and sexual promiscuity that is plaguing our youth, schools, families and communities. Unwanted pregnancy and sexually transmitted disease are the result of a society that has no understanding of a God given moral code.

My hope is to kindle relationships with all the wonderful donors that have already caught the vision for this much-needed ministry and to reach out in new avenues to make this ministry understood as a vital and necessary outreach. Embracing Options can only exist because of caring individuals that not only see the need but also take action in either volunteering their time or donating their finances.

Embracing Options will continue to hold fast to the Care Net Standards of Affiliation, which keeps us abiding by the law of the land and allows us to reach out with the love and hope that only Jesus Christ can bring. We want to see people free from the bondage of sin so that they can become an integral part of our communities. Please stand with us as we transfer responsibilities and pray that we follow the direction that is most needed. I am looking forward to meeting you and working side by side with you. May the lord bless you in all you put your hand to.

If you have any questions or would like to arrange a meeting please feel free to call our Main Office at (585) 235-0690.

Sincerely and only by Gods' grace,

Dee Skelton
Executive Director of Networking for Embracing Options
