Dear Supporting Friends,

How grateful we are for those who faithfully stand with us in supporting this ministry with time, prayer, and resources. Your gift is an encouragement to us as we continue to reach out to the people of northern Haiti with the hope of Jesus Christ! Please also remember to pray for this ministry.

At a recent board meeting, our treasurer noted that this year has been the hardest year financially he can remember since he began serving on the VOHM board several years ago. It is true. The main source of our financial stress lies with the school. Each year, fewer and fewer Haitian families have the resources to pay for the tuition of their children. Many American donors pick up the tuition expenses of the neediest students in our school but we have increasingly needed to rely on subsidies from our General Fund to make ends meet at the school. We are tremendously grateful to all who have supported our ministry in Haiti over the years. We

ask each of you to make this pressing need a matter of prayer. Ask for God's guidance and provision and clarity for the days, weeks, and months ahead. We are even now reaping the benefits of students who have graduated from our school and attended various universities. Many of these students return after graduation to work alongside us in the ministry in Haiti. God never promised an easy road, but He has promised the resources for the task He assigns us.

Please pray for our ministry and for the Lucien family. Ministry in Haiti is hard and hectic. We appreciate your interest and support of this ministry.

Blessings to you,

Greg Schuenke
President, Vision of Hope Ministries, Inc.
